Media Card Readers

Internal & External USB Card Reader family

Introduction

Dynamode now offer a complete range of high-speed USB2.0 Media card readers for both System Builders and End Users alike.

Our USB-ALL-1 is a fully featured external Plug n Play 30-in-1 Card reader that has a Read/Write speed of up to 480Mbps. Totally hot swappable and certified Microsoft® Mass Storage compliant, the USB-ALL-1 is perfect for mobile digital photography or other digital media applications.

Complementing our Media Card range is our family of internal 52-in-1 USB2.0 Card readers. Perfect for System Builders and upgraders, the USB-ALL-1-INT series has a standard 3.5” form factor for drive bay insertion and reads all current Media Cards available in the market today. Again with full wire speed read/writes, the USB-ALL-1-INT is available in Black, Beige or Silver to match your existing system.

52-in-1 Silver Internal Card Reader
USB-ALL-INT-S

52-in-1 Beige Internal Card Reader
USB-ALL-INT-B
